Master Programm

**SUSTAINABLE AGRICULTURE AND
RURAL DEVELOPMENT**

SUSTAINABLE AGRICULTURE AND RURAL DEVELOPMENT

Economic Faculty of the Kazakh Agrotechnical University named after S.Seifullin invite bachelor's degree graduates of economics and agriculture for studying on the new educational program of the SARUD "Sustainable Agriculture and Rural Development" on on the scientific and pedagogical drive of the Master's specialty 6M050600-Economy.

The Master's program of the SARUD is focused on practical training in the field of sustainable agriculture and rural development. Being an interdisciplinary specialty at the intersection of economy and agriculture, the Master's program of the SARUD considers the basic global concepts of sustainable development, covering all three components of sustainability and covering the issues of economic, social and institutional development, the ecological prosperity of rural areas, as well as aspects of agricultural production.

The educational program "Sustainable Agriculture and Rural Development" will give you the opportunity to undergo training for one semester in the partner university from Kazakhstan, a foreign internship in Russia and the EU countries.

THE GOAL OF THE MASTER'S PROGRAM

The goal of the educational program on the specialty 6M050600 - "Economics" is the training of masters, able to analyze the ever-changing conditions of functioning of the enterprises and organizations of various levels of all branches of the economy and government.
